COOLING SOLUTIONS

www.embraco.com

Embraco is participating in the United Nations Global Compact.

Solutions for increased competitiveness.

Embraco, the technology and market leader in hermetic refrigeration compressors reinforces its talent for innovation and creates a new business unit: **Embraco Cooling Solutions**.

Partnership is the key word that translates to the pursuit of simple, innovative and exclusive solutions. A global structure of Engineering, Manufacturing and Laboratories ensures a quick response to customer requirements.

Embraco Cooling Solutions offers a complete line of refrigeration products including: Condensing Units, Sealed Refrigeration Units, Heat Exchangers and other components; all developed from specific customer needs and designed for a wide range of applications.

Embraco Cooling Solutions Services

Customized Projects: Developed according to customer specifications.

Application Test: Certified laboratories worldwide.

Technical Support: Dedicated team of engineers to support system design, application and manufacturing process.

Advantages

- ▶ **Flexible range of solutions.** From the manufacturing of a product originally designed by the customer to turnkey solutions, comprising the development and production of a customized line of Condensing Units and Refrigeration Sealed Units;
- ▶ **Full warranty (*)** of products and components;
- ▶ **Optimized development costs and timing,** allowing customers to focus on other competencies, such as the design and manufacturing of cabinets and the marketing of end products;
- ▶ **Fewer purchased items,** simpler supplier base and inventory management.
- ▶ **Reduced complexity** of manufacturing processes;
- ▶ **Engineering Support:** available for continuous improvement;
- ▶ **Increased competitiveness:** the main benefit perceived by the customers of Embraco Cooling Solutions.

* Terms of warranty subject to the specific terms of supply.

Constant Evolution

Embraco ensures that the continuous technological evolution of compressors, as well as of cooling systems, is constantly transferred to the products of Embraco Cooling Solutions.

Embraco Cooling Solutions: providing constant evolution.

Vision

To be, in every market, the preferred provider of cooling solutions.

Mission

Provide innovative solutions for a better quality of life.
